

Finalists for the 2013 Website Design Competition for High School Girls

The Michigan Council of Women in Technology Foundation takes great pleasure in announcing the Finalists for the 2013 Website Design Competition for High School Girls. This year's theme is *"Ancestors: OMG!"*

Ninety-eight teams, comprised of 105 young women from 14 area high schools, enrolled in the contest's two divisions: Beginner and Advanced. Sixty-one teams uploaded their sites successfully. Contestants could enter individually or with one other team member.

An incredible amount of talent was on display for our 69 First Round judges, who are technology professionals from Ford Motor, GM, Chrysler, Google, HP, Compuware, Microsoft, Cisco, Mercedes Benz Financial Services, Group Associates, MEEMIC, Century Link, Web Savvy Marketing, JDM Consulting, Davenport University, JDM Consulting, Altair, J. Edward Training Group, Gravity Works, Quicken, City of Livonia, AMI Tech Solutions, Ideal Record Solutions, and ACG.

The teachers should be very proud of all that their students have accomplished. The contestants should be even more proud of the impressive amount of talent they possess.

Finals Day of competition is Saturday, December 7, at Blue Care Network in Southfield. The Advanced Division finalists will present their websites one at a time to the panel of distinguished Finals Day judges. The Beginner Division finalists will also attend Finals Day, where they will be honored and the winners will be announced. The finalists will be contacted with further information. Teachers, family of the finalists, and first round judges will be invited as well.

In each division, monetary awards ranging from \$50 up to \$750 will be given to the top six finishers in each division. The remaining finalists will receive non-monetary prizes. All contestants, whether or not they made the finals, will receive Certificates of Participation from MCWT Foundation.
