

THANK YOU

Mrs. Cardela,
Thank you so much for having me in your
classroom for two days last week! Learning
how to critique students was a great
experience. It was wonderful seeing your
enthusiasm and genuine love for your job
when you teach. Most teachers aren't
like that, but seeing how hard your class
works and how much they love you
reminds me to strive to have your attitude!
☺ Thanks again for having me; I'm happy
I could help out!
