The Michigan Council of Women in Technology Foundation takes great pleasure in announcing the Finalists for the 2011 Web Design Contest for High School Girls. This year's theme is "Genie in a Bottle: Three Wishes."

Eighty teams, comprised of 101 young women from 12 area high schools, enrolled in the contest's two divisions: Beginner and Advanced. Fifty-one teams uploaded their sites successfully. Contestants could enter individually or with one other team member.

An incredible amount of talent was on display for our thirty 1<sup>st</sup> Round judges, who are technology professionals from Ford Motor, MRM, Davenport University, Wayne State University, GM, Web Savvy Marketing, Cisco, Care Tech Solutions, HP, Acro, Compuware, Microsoft, MEEMIC, Cirrus Group, ATD Web Design, and Group Associates.

The teachers should be very proud of all their students have accomplished. The contestants should be even more proud of the impressive amount of talent they possess.

Finals Day of competition is Saturday, December 3, at Blue Cross in Southfield. The Advanced Division finalists will present their web sites one at a time to the panel of distinguished judges in an auditorium setting. The Beginner Division finalists will also attend Finals Day, where they will be honored and the winners will be announced. The finalists will be contacted with further information. Teachers and parents will be invited as well.

In each division, monetary awards ranging from \$50 up to \$750 will be given to the top six finishers in each division. The remaining finalists will receive non-money prizes. All contestants will receive Certificates of Participation from MCWTF.

Below are the 12 teams of Advanced Division finalists in no particular order.

Nicole Casaceli	Lake Shore High School
Eva Smith	Lake Shore High School
