Be the tigger!

#1 teacher

Dear Mrs. Candela,

Thankyou for putting me into the class that would bring my mood up and start my day off great! Personally, I am more of a Pooh... I love to eat (wiserd)! And I am also very quiet... In this class, you would always make me happy and proud everyday! You would change me and make me think like Tigger! You would make me think positive everyday! You would also teach me everything I need to know about getting a job! These things will help me in the future and I am glad that I got to take this class with you!

Also, thankyou for scanning my things, waiting for me, and more! You trusted me and let me do things to make my-self successful!

Thankyou!

I will always try to
make my self think like...
TIGGER!!!
