

Mrs Candela,

5/20/16

You've been wild from the beginning, & I love that. You got me so engaged in a subject I was already interested in that I'm like 99.9% positive it's probably what I want to do with my life.

I regret not having you in past years, but I'm really glad I got to have you before I left Lake Shore. Despite only having me for a single trimester, you have been one of the most supportive & involved teachers I've ever had, & definitely one of the most fun!

Your passion for what you do is something I will always look up to & strive for. Your involvement in the community for women in technology is what got me so invested & set on becoming a woman in this field. The joy & exuberance you express in class on the daily, no matter what mood you may actually be in, creates such a warm & welcoming & supportive environment, & it was one of my favorite places to be every day. Mrs. Candela's web design class was the best choice I ever made!

Thank you for getting me involved with Aspirations in Computing & the web design competition & for wanting to go & support me @ the All-Academic dinner & for letting me cry on you when I got accepted

into Princeton & for being so proud of
me for all of my achievements,
& overall for being as much a
friend as you were my teacher!

I love love love you & want to
stay in touch for so long you'll
be wondering when you can get
rid of me!

♥ Madison W, 2016

P.S. sorry I ignored you in the
hallway that one time when I
had my headphones in.

P.P.S. I am going to be the Tigger -
go PRINCETON TIGERS!!
